

**SNR SONS COLLEGE (AUTONOMOUS)**

**IQAC**

**ACADEMIC AUDIT (2014 - 2015)**

**Consolidated report on the observations / comments made by the Auditors**

**1. Curriculum aspects**

The audit team has suggested to be included more practical oriented subjects. Existing curriculum is well designed. Text books and reference books must be included in the syllabus.

**2. Teaching, Learning and evaluation:**

Value added programs could be conducted for the final year students. Audit team appreciated the pass percentage of the different subjects. Actual date and course delivery are to be recorded in Class record. Suggested more industrial visits to gain practical exposure. And also suggested to have more MoU signing with different industry. Students' competition participation certificates could be maintained. Description of events may be rewarded with proper and detailed explanations.

**3. Research:**

National and international conferences shall be organized and made the students to present research papers. Staff to be encouraged to publish more presentations in reputed journals. Research based

instruments like IR can be included in the instrumentation facility to support advanced analysis.

#### **4. Infrastructural Facilities:**

Each department to be equipped with a separate LCD. Additional copies of textbooks and reference books can be purchases in library. E journal facility shall be available in all the department library.

#### **5. Student Support and Progression**

Students can be trained for startups. Remedial classes can be conducted for failures of the semester and Model exam. Anti ragging committee shall be framed department wise. Project regulations can be prepared and incorporated. Internship training can be initiated to train the students in industry basis. Class to be planned based on the college calendar.

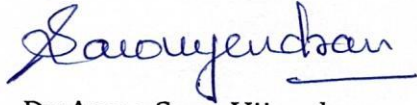

#### **6. Organization and management:**

A more detailed budget plan and action to be initiated in the beginning of the every semester. Industrial link shall be initiated. Lab stock register to be maintained. First Aid kit shall be kept in the Laboratory. Technical staff in the laboratory shall be strengthened. Career guidance program shall be organized. Students shall be counseled about the importance of grooming, dress code and regularity.

#### **7. Overall report of the departments**

Research publications, funding agencies, consultancy shall be initiated. Online courses shall be registered department wise. Common

course meeting shall be conducted across branches like CA, CS... Records to be maintained properly for OD and TC issued students.
