1.3.1 List and description of the courses which address the Gender, Environment and Sustainability, Human Values and Professional Ethics into the Curriculum

1.3.1. Courses relevant to Gender, Environment and Sustainability, Human Values and Professional Ethics into the curriculum

S. No.	Issues	Course Name	Code	Offered to	Description
1	Gender	Introduction to Social Work	13MSW101	MSW 1 Semester	Make the students proficient about the history, philosophy, fields and methods of social work profession and orient the student trainees towards the professionalism of Social Work
2		Gender and Development	15MCB127	MSW 2 semester	Explores way in which gender is central to development in developing nations. It aims to survey various perspectives, study key analytical concepts, review issues around gender inequality, economic inequality, empowerment, intersectionality, voices and development
3		Women Development - Issues and Concerns	17MSWI05	MSW 2 semester	The course makes the student to understand social, economic, political, cultural determinants of women in nation and gender sensitive approaches to development
4		Women's Studies	17MAE401	MA English 4 Semester	Enable the students know the different phases of feminist criticism, current issues and recent developments in the writing of women and expose the students to the various women writers across the globe

S. No.	Issues	Course Name	Code	Offered to	Description
5	**Gender**	Welfare of Weaker Sections	14MSW310	MSW 3 Semester	Enrich the knowledge of students about Concept and classification of Scheduled castes, scheduled tribes and other weaker sections, Crucial problems namely Untouchability, bonded Labour, and women related problems
6		Women Development	17CCR10	MSW 2 Semester	Introduce the basic concepts and approaches of women development
7	**Environment and Sustainability**	Environmental Studies	13ES01	All UG Programme 1 Semester	Orient about the society, social life, integrity in personal and public life. Learn the concepts of human values and respect for others provide in-depth understanding about moral awareness inculcate a sense of socially responsible citizens
8		Utilization of Solar Energy	16PHI01	All UG Programme 3 Semester	Make the students to know about Renewable and non-Renewable energy sources, Solar Photovoltaic Modules, Solar collector, and the application of solar energy
9		Environmental Biotechnology	14BT501	BSc Biotech 5 Semester	Learn the principles and concepts of environmental biotechnology, impart knowledge on waste disposal and bioleaching and introduce the concept of bioremediation

S. No.	Issues	Course Name	Code	Offered to	Description
10	Environment and Sustainability	Lab in Environmental Biotechnology	14BT504	BSc Biotech 5 Semester	Enumerate the physiochemical parameters of water; analyses the microbes in water and learn waste water management
11		Environmental Literature	16MAE404	MA English 4 Semester	Make students realize therelationship between the society, nature and literature prepare them respond the environmental issues
12		Food Microbiology	15CB227	BSc Biotech 4 semester	Understand the scope and importance of food microbiology in the industrial field; impart knowledge on the mechanism of food preservation, plant products and the causes of food poisoning
13		Introduction to Nano chemistry	16CH202	BSc Chemistry 2 Semester	Understand the preparation and properties of nanomaterials and learn the instrumental and synthetic techniques used in characterization of nano materials
14		Food Biotechnology	16MBTE02	MSc Biotech	Understand the scope and importance of food biotechnology in the industrial field; impart knowledge on the mechanism of food preservation, plant products and the causes of food poisoning
15		Environmental Literature	17MAE404	MA English 4 Semester	Make students realize the relationship between the society, nature and literature prepare them respond the environmental issues

S. No.	Issues	Course Name	Code	Offered to	Description
16	**Environment and Sustainability**	Plant Biotechnology	18MBT203	MSc Biotech 2 Semester	Learn various culture techniques of plant cells cryopreservation; acquire knowledge on Gene transferring mechanisms and production of transgenic plants
17		Animal Biotechnology	18MBT204	MSc Biotech 2 Semester	Develop an understanding the basic pattern of animal breeding, controlling characters and disorders; impart knowledge on the production of vaccines, newer technologies in reproduction and transgenic animals
18		Industrial Biotechnology	17BT303	BSc Biotech 3 Semester	Impart knowledge about various types of fermentation technology; get a clear idea about the production of different fermentation products
19		Medical Biotechnology	18MBTE01	MSc Biotech 2 Semester	Provide knowledge on the metabolic and inherited basis of diseases and to acquire skills for the design and development of novel diagnostic methodologies
20		Introduction to Biotechnology	17BTI01	BSc Biotech 3 Semester	Acquire knowledge about the basic concept of biotechnology; understand about the importance, Applications and uses of Biotechnological techniques

S. No.	Issues	Course Name	Code	Offered to	Description
21	**Environment and Sustainability**	Herbal Technology	16BTI02	BSc Biotech 5 Semester	impart knowledge about the techniques and analysis of bioactive components of natural sources; understand the concept of Neutraceuticals and Plant tissue culture techniques in pharmacy and learn the techniques of herbal technology, WHO guidelines and herbal drugs
22		Lab in Bioprocess and Immuno-techniques	17MBT205	MSc Biotech 2 Semester	Build the basic knowledge on bioprocess technology and gain extensive knowledge in various assay related to immunology
23	**Human Values**	Value Education	13VE01	All UG Programme 2 Semester	Orient about the society, social life, integrity in personal and public life, concepts of human values and respect for others and moral awareness. Inculcate a sense of socially responsible citizens
24		Personality Development	12NM01	All UG Programme 3 Semester	Understand the concept, process and importance of personality, techniques of personality development, self-development and environmental factors affecting personality development: Acquaint with the application of communication skills in the world of Business, importance of right dressing for the right occasion and idea about and have a mock drill on interviews and other selection techniques

S. No.	Issues	Course Name	Code	Offered to	Description
25	Human Values	Children's Literature	18MAE104	MA-English 2 Semester	Explore the works of children writers from all over the world and enable the students understand writing for children train the students in the realm of creative writing
26		Human /Rights and Social Justice	13MCB226	MSW 4 Semester	Know Rights of people belonging to different sections of the society, understand the issue concerning the rights of citizens in general and the marginalize groups in particular, learn the functioning of different organizations working for human rights and identify the role of social worker in promoting human rights
27		Family Centred Interventions with Families of Children and Adults with Disability	15MCB124	MSW 2 Semester	Students should enrich their knowledge about the fundamentals of labour welfare, theories and administration of labour welfare, labour welfare measures and occupational hazards and hygiene
28		Science and Technology, Application for Social Work	17MSW301	MSW 3 Semester	Enrich their knowledge about the basics of science and technology, develop scientific attitude and aptitude, have a appropriate knowledge about application of science and technology

S. No.	Issues	Course Name	Code	Offered to	Description
29	Human Values	Introduction to Medical Social Responsibility	17MSW303	MSW 3 Semester	Knowledge about the basics of medical social work, organization and administration of social work departments at formal setting, an role of medical social worker in dealing with chronically ill patients including physically challenged, and prevention of diseases and promotion of health
30		Corporate Social Responsibility	17MSW401	MSW 4 Semester	Students would enrich their knowledge about the Corporate social responsibility, History and development of CSR, Legal measures and Role of Social Worker in CSR
31		Hygiene, HACCP and Food Science	15HM203	BSc CS & HM 2 Semester	Impart knowledge on the importance of personal hygiene and kitchen hygiene
32		Leadership and Intercultural Management	15MIB201	MIB 2 Semester	Leadership and Intercultural Management prepares global managers to effectively handle the challenges of intercultural work force that offers strategies to overcome cultural differences that can negatively impact team efficiency in an organization
33		Rural and Urban Social Structure	14MSW304	MSW 3 Semester	Students should enrich theirknowledge about the basics of rural and urban social structure, organization and administration of social work rural and urban setting, and role of social worker in dealing with issues and problems of rural and urban areas of India

S. No.	Issues	Course Name	Code	Offered to	Description
34	**Human Values**	Rural Community Development	14MSW307	MSW 3 Semester	Students should enrich their knowledge about the basics of rural and urban social structure, organization and administration of social work rural and urban setting, and role of social worker in dealing with issues and problems of rural and urban areas of India
35		Urban Community Development	14MSW403	MSW 4 Semester	Students should enrich their knowledge regarding the Basic elements Urban Community including Urbanization and Urban Problems, Urban Community Develop-ment Administration and Different Programmes related to Urban Community Development in India
36		NGO Formation and Management	14MSW406	MSW 4 Semester	Students would enrich theirknowledge about the structure, development and establishment of NGOs, contents of project identification, budgeting, and funding, project personnel empowerment and monitoring and evaluation
37		Corporate Social Responsibility	14MCB225	MSW	Enrich their knowledge about the Corporate social responsibility, History and development of CSR, Legal measures and Role of Social Worker in CSR

S. No.	Issues	Course Name	Code	Offered to	Description
38	Human Values	Counselling Theories and Practice	13MSW405	MSW 4 Semester	Enrich their knowledge about different theories of counselling and Counselling history and research, basics of Counselling and therapeutic relation-ships, and Assessment, Testing and Diagnostic process
39		Marriage and Family life Education	16MSWI02	MSW 2 Semester	The course designed to educate the student about Traditional Indian values related to marriage and family life education and understand the development of personality and moral value in life
40		Migration and Human Security	16MSWI03	MSW 2 Semester	It explores concept of human security and its applicability in an increasing globalizing world. It emphasizes the agency of migrants, Gender differences root causes of migration, protection of migrants human, social and labour rights
41		Human Growth and Development	16MSWI01	MSW 2 Semester	The course emphasis upon normal growth and milestones achieved in the physical, cognitive, social and emotional systems, Educational and familial context are highlighted
42		Rehabilitation and Counselling for Disability	16MSWI05	MSW 2 Semester	Knowledge about different theories of counselling and history and research, basics of Counselling therapeutic relationships, and Assessment, Testing and Diagnostic process

S. No.	Issues	Course Name	Code	Offered to	Description
43	**Human Values**	Interpersonal Relationship	16CBM20	BBA 6 Semester	This is a self and Personality development course be integrated with exercises and experiential learning which will help the students prepare for job life
44		Customer Relationship Management	16COAI02	BCOM 3 Semester	Providing conceptual understanding of Management Concepts, Contemporary issues in Management and enable them to apply the Concepts in the Management organization
45		Hospitality Management	16HM102	BSc CH&HM 1 Semester	Impart knowledge on major departments of hotel and inculcate ethics and etiquettes for hospitality industry; create awareness on emerging trends in hospitality industry
46		Biosafety, Bioethics and IPR	17MBT304	MSc Biotech 3 Semester	Impart knowledge on the importance of intellectual property and its protection under the constitution; provide knowledge on various aspects of intellectual property and to learn procedures for patenting
47		First Aid and Safety	17MBTI01	MSc Biotech 3 Semester	Know the limits of basic first aid and deal with emergency situations; familiarize themselves with First aid regulations and safety measures and get awareness on Hazard prevention and Control

S. No.	Issues	Course Name	Code	Offered to	Description
48	Human Values	Immuno-technology	18MBT201	MSc Biotech 2 Semester	Understand the concepts of immune system and the structure, functions and properties of different cell types and organs that comprise the immune system; comprehend the range of immunological agents and the strategies that may be used to prevent and combat infectious diseases
49		Genetic Engineering	18MBT202	MSc Biotech 2 Semester	Learn the various molecular biology techniques, principle and application of genetic engineering which includes cloning strategies and its applications; understand the knowledge of cloning strategies and key applications of genetic Engineering
50		Agroindustrial Biotechnology	17MBTE05	MSc Biotech 2 Semester	Enable the student to carry of an industrial process in the laboratory scale; know the various transformation techniques for plant transformation and the role of biofertilizers and biopesticides in sustainable farming and the molecular marker-aided plant and animal breeding
51		Biological Chemistry	15BT502A	BSc Biotech 5 Semester	Understand the basis of biological organization and the kinetics of cell growth; impart knowledge on the mechanism of signal transduction pathways and the transport of macromolecules by intermediate mechanism

S. No.	Issues	Course Name	Code	Offered to	Description
52	**Human Values**	Labour Legislation	15MSW305	MSW 3 Semester	To enrich their knowledge about Laws relating to labourers' working conditions and safety, Laws relating to Labour Welfare, Laws relating to wages of workers, and Laws relating to Social Security of labourers
53		Hospital Administration	15MSW306	MSW 3 Semester	To enrich their knowledge about Classification and Planning of Hospitals, Functions of various departments of hospitals and Financial administration in hospital settings
54		Sociology for Social Work Practices	17MSW102	MSW 1 Semester	Enrich their knowledge about the elements of society, socialization and social groups, marriage and family system, caste system and social change, and social problems with special reference to India
55		Psychology for Social Work Practices	17MSW103	MSW 1 Semester	Make the students aware on the human psychological development required for the Social Work practice and profession; enrich their knowledge about the human psychology, personality development, base of human growth and development and human mental health
56		Social Work with Individual	17MSW104	MSW 1 Semester	Impart knowledge about the primary and direct method of the Social Work namely Social Case Work; train the Social Work trainees gain practical knowledge in application of Social casework

S. No.	Issues	Course Name	Code	Offered to	Description
57	Human Values	Social Welfare Administration and Social Legislation	17MSW201	MSW 2 Semester	Impart the knowledge of social welfare administration in India; enrich the basic personal laws and acts for the protection of all the civilians in India
58		Social Work with Groups	17MSW202	MSW 2 Semester	Introduce the social work students to understand the fundamentals of social group work, process of social group work, theories of social group work, and techniques of social group work including their application
59		Psychiatric Social Work Practice	15MSW309	MSW 3 Semester	Enrich their knowledge about Magnitude of mental health issues in the emerging Indian context, understand treatment methods followed in hospital settings,Various therapies and mental health programmes implemented, Learn about policies and legislations
60		Mental Health and Social Work	15MSW402	MSW 4 Semester	Enrich theirknow-ledge about Concept and history of Mental Health, Assessment of Mental Health, and Prevalence, and Treatment modalities of related toPsychosis, Psycho-somatic and Childhood Disorders
61		Community Organization and Social Action	17MSW203	MSW 2 Semester	Understand need assessment as an approach in community work and bring changes in the social structure and to modify the malfunctioning of the Social and economic institution through social action

S. No.	Issues	Course Name	Code	Offered to	Description
62	Human Values	General Awareness	15NM02	All UG Programme 1 Semester	Impart the knowledge and develop skills on Logical Reasoning, Mental Ability, Numerical Ability and General Intelligence
63		Working with people living with HIV AIDS	17MSWI06	MSW 2 Semester	Understand HIV/AIDS, experience of the patient emotionally/loping, HIV/AIDS care in home, basics of care giving, nutrition and HIV, guarding against infections, tools to protect yourself, understanding pain in HIV/ AIDS patients, progression of AIDS and finishing support, coping and final arrangement
64		Professional Skills – I	17MBA108	MBA 1 Semester	Establish and use decision-making, goal setting, problem solving, and time Management skills to address personal/professional development issues
65		Professional Skills – II	17MBA208	MBA 2 Semester	Inculcate Employability skills for Professional growth through Decision making, Goal Setting and grooming for successful Career.
66		Personality Development for Career Enhancement	16MBA306	MBA 3 Semester	Inculcate Employability skills for Professional growth through Decision making, Goal Setting and grooming for successful career
67		Multi Skill Development	17BAE304	BA English 3 semester	Develop LSRW skills, career and soft skills
68		Developing Professional Communication	17BAEE03	BA English	Develop professional-ism in communication and master level interview skills

S. No.	Issues	Course Name	Code	Offered to	Description
69	Human Values	Communicative Skill	16MFC101	MCom FCA 1 Semester	Enlighten the students about the basic communication principles and report writing skills
70		Labour Welfare	15MSW302	MSW 3 Semester	Enrich their knowledge about the fundamentals of labour welfare, theories and administration of labour welfare, labour welfare measures and occupational hazards and hygiene
71		Campus to Corporate Transition	17BPS403	BCom BPS 4 Semester	It directs the new executive to get in tune with the vision of the Organization. To make the transition easy and it would be a definite boost for their personal contribution and performance levels in the organization
72		Corporate Etiquettes and Business Ethics	17MIB303	MIB 3 Semester	Prepare students with character by sensitizing them to fundamental principles of Ethics in general and Business Ethics in particular in such a way that it makes permanent imprints in the minds of them for future decision-making process as is necessary for a transparent and a fair Corporate Governance System
73		Clinical Biotechnology	16BTE05	BSc Biotech 5 Semester	Provide students with an understanding of the process of metabolism understand the development of techniques for prenatal diagnosis and for the development of molecular markers

S. No.	Issues	Course Name	Code	Offered to	Description
74	Human Values	Pharmaceutical Chemistry	16CH505	BSc Chemistry 5 Semester	Know about the common diseases and cure terms of pharmacology; understand the mechanism of drug and its action and get an idea about medicinal plants, its availability and uses
75		Writing Skills	17BAE404	BA English 4 Semester	Develop writing skills, drafting and commercial correspondence
76		Developing Professional Communication	17BAEE03	BA English 3 Semester	Develop professionalism in communication and master level interview skills
77		English for Competitive Examinations	17BAEI01	BA English 3 Semester	Improve their vocabulary, oral and written communication and get ready for the competitive exams
78		Public Speaking	16BAE604	BA English 6 Semester	Develop theoretical understanding and practical application of oral communication and controlling speech anxiety
79		Social Work Research and Statistics	18MSW204	MSW 2 Semester	Understand the concept of Hypothesis, Research Design and Scaling Techniques; familiarize the students with the concepts of Social Work research and statistics
80		Computer Applications in Social Work	18MSW205	MSW 2 Semester	Understand the computer fundamentals and its application in different Social Work settings including day to day administration of agencies / NGOs/ Industries / Hospitals

S. No.	Issues	Course Name	Code	Offered to	Description
81	Human Values	Community Organization and Social Action	18MSW203	MSW 2 Semester	Understand need assessment as an approach in community work along with the different steps to assess the community needs and to link them with the resources; bring changes in the social structure and to modify the malfunctioning of the Social and economic institution through social action
82		Health Care	14MCB124A	MSW 2 Semester	Get exposure to the social enterprises and strengthen the competence in social entrepreneurship
83		Disaster Preparedness and Risk Reduction	14MCB124B	MSW 2 Semester	understanding of approaches of Disaster Risk Reduction (DRR), enhance awareness of institutional processes in the country and develop rudimentary ability to respond to their surroundings with potential disaster response in areas where they live, with due sensitivity
84		Conflict and Peace Building	14MCB225A	MSW 4 Semester	Understand the nature and the factors contributing to conflict and its impact and learn the skills of building peace
85		Forced Migration and Social Work Practice	15MCB120A	MSW 2 Semester	Identification and application of clinical social work assessment and intervention of the major migrant groups, to prepare students to provide advanced clinical services to individuals and families

S. No.	Issues	Course Name	Code	Offered to	Description
86	Human Values	Generalist Practice of Social Work	15MCB124A	MSW 4 Semester	Understand the current trends of social work practice in India, develop understanding about the fields of social work, develop understanding about the influence of various social movements in contributing to the perspectives of social work practice in India
87		Social Work with Families	17CCR08	MSW 2 Semester	Understanding of type of practice settings working with families and children, understand the role of the profession and the stakeholders in the welfare of families and children
88		Social Work with Elderly	17CCR09	MSW 2 Semester	Learn the various aspects of care that social worker can bring for the elderly from their own environment and families and social groups
89	Professional Ethics	Financial Accounting	18CBM03	BBA 2 Semester	Acquire knowledge of accounting principles and practices be followed in the organization. Equip the students with the basic of accounting followed by various firms
90		Business Communication	18CBM04	BBA 2 Semester	The students should have understood Methods of communication Types of communication and Barriers of communication

S. No.	Issues	Course Name	Code	Offered to	Description
91	**Professional Ethics**	Business Ethics and Corporate Governance	17CBM08	BBA 3 Semester	Strengthen the ability anticipate, critically analyze, appropriately respond ethical issues in enterprise. Enable students critically examine ethical dilemmas and understand the importance of governance mechanisms in a globalized economy
92		Project Work	16IT603	BSc IT 6 Semester	Understand the testing process and its tool and developing an implement plan for the importance of Testing
93		Software Testing	16IT604	BSc IT 6 Semester	Understand Data mining principles and techniques; know how to derive meaning from huge volume of data and information and knowledge discovering process is used in business decision making
94		Industrial Exposure Training Viva voce	16HM601	BSc CS&HM 6 Semester	Undergo training in any sector of the hospitality industry
95		Entrepreneur Development	17BMCI01	BBACA 3 Semester	Presents the concepts, characteristics and role of entrepreneur and the basics of project finance and issues related setting small business
96		Business Law	17BM401	BBA 4 Semester	Enable the students, acquire knowledge of basic legal aspects pertaining contracts, sale of goods, transfer of property and agency which is useful in governing any business

S. No.	Issues	Course Name	Code	Offered to	Description
97	**Professional Ethics**	Industry Review Project Field Work	17CBMIT01	BBA 4 Semester	Study the latest/ recent developments and happenings pertaining the functions of an industry
98		Agricultural Chemistry	16CHE03	BSc Chemistry 4 Semester	It teaches the Agricultural skills to obtain high quality Agricultural data
99		Industrial Chemistry	16CHE01	BSc Chemistry 4 Semester	Enable a student to understand the generation of energy from various types of fuels
100		Cryptography	17MECE02	MSc ECS 2 Semester	Understand the basic concept of cryptography and network security their function; illustrate how network security and management mechanisms employ cryptography to prevent, detect, and mitigate security threats against the network
101		Industrial and Power Electronics	16EC503	BSc ECS 5 Semester	Make the students to design triggering circuits of SCR and understand the characteristics of power electronic devices
102		Business Law and Correspondence	18CPA202	BCom PA 2 Semester	Test the general comprehension of elements of mercantile law and develop communication skills and practice good ethics in business
103		Business Ethics and Communication	17CPA303	BCom PA 3 Semester	Develop communication skills and practice good ethics in business

S. No.	Issues	Course Name	Code	Offered to	Description
104	**Professional Ethics**	Industrial Law	16CPA504	BCom PA 5 Semester	Impart the knowledge of industrial laws and their practical application in Commercial situation
105		Introduction to International Business Management	18CIB102	BCom IB 1 Semester	Students become familiar with the theoretical background of international business
106		Principles of Global Marketing	18CIB202	BCom IB 2 Semester	Understand the principles & concepts in Marketing to provide the knowledge of marketing management in the international perspective to develop marketing strategies for the dynamic markets
107		Cyber Security	17CO506	BCom 5 Semester	Create security awareness and understand fundamentals of cyber security; familiar with vulnerabilities and security attacks; develop secure systems with the knowledge of defense and analysis techniques
108		Information Security	18MCSC01	MSc IT 1 Semester	Provide an understanding of principal concepts, major issues, technologies, and basic approaches in information security; introduce the legal, ethical and professional issues in Information Security
109		Cyber Law	14COA504	BCom CA 5 Semester	Enlighten the students knowledge on the basic application of Cyber Law in E-Commerce in India

S. No.	Issues	Course Name	Code	Offered to	Description
110	**Professional Ethics**	Communication Skills for Career Advancement	14MCB223	MA English 4 Semester	Enable the students to develop a holistic understanding of literature from representative works, enable the students to identify conceptual and critical tools for analyzing the works in general, familiarize the students with the diverse schools of poetry, the trends and individual traits to their medium
111		Information Technology for Management	18BMC101	BBACA 1 Semester	Study the information system concepts and IT infrastructure and gain knowledge on various functional, enterprise and decision support systems. Learn about e commerce and IT acts
112		Advanced Financial Accounting	18ACO101	BCom 1 Semester	Enable the students learn the functional aspects of accounting
113		Principles of Accountancy	18CO101	BCom 1 Semester	Enable the students learn principles and concepts of Accountancy
114		Information Technology for Business Process	18COA102	BCom CA 1 Semester	Equips with fundamental knowledge in Information Technology and its applications in modern enterprises. It also enables to apply Information Technology in business environments and develop end-user computing skills
115		Banking Law and Practice	17COA402	BCom CA 4 Semester	Knowledge on Indian banking system and Acts regulating banking operations

S. No.	Issues	Course Name	Code	Offered to	Description
116	**Professional Ethics**	Auditing and Assurance	17COAE01	BCom CA 3 Semester	Objective and concepts of auditing and gain working knowledge of generally accepted auditing procedures and of techniques and skills needed to apply them in audit and attestation engagements
117		Research Methodology	16COA602	BCom CA 6 Semester	Impart knowledge in the field of research and to enhance application skills in research functions independently
118		Mercantile Law	17CPA202	BCom PA 2 Semester	Test the general comprehension of elements of mercantile law
119		Software Testing Lab	17CA403	BCA 4 Semester	Implement testing using Win Runner and understand s/w test automation problems & solutions
120		Business Accounting	17CS403	BSc CS 4 Semester	Develop conceptual understanding of fundamentals of financial accounting, cost accounting and management accounting; familiarize the basic concepts of accounting and its features.
121		Principles and Practice of Accounting I	18CPA101	BCom PA 1 Semester	Gain working knowledge of the principles and procedures of accounting and their application in different practical situations.
122		Business Ethics and Commercial Knowledge	18CPA102	BCom PA 1 Semester	Ensure business communication skills and survive in a Competitive and global environment with ethical Practices

S. No.	Issues	Course Name	Code	Offered to	Description
123	**Professional Ethics**	Principles and Practice of Accounting II	18CPA201	BCom PA 2 Semester	Gain the knowledge of financial accounting, accounting procedures and documentation involved in financial accounting system
124		Business Organization and Office Management	17CPAI01	BCom PA 3 Semester	Enable the students learn the Principles and Concepts of business and its management
125		Industrial Training	17CPA406	BCom PA 4 Semester	The student during the semester holiday should undergo industrial training and submit the training certificate. A Guide has been allotted each student by the department
126		Corporate Accounting	16CPA501	BCom PA 5 Semester	Enable the students to have working know-ledge in corporate and special accounts. Human Resources Accounting and Machine based accounting
127		Strategic Management	16CPA601	BCom PA 6 Semester	Develop an understanding of the general and competitive business environment; and strategic management concepts and techniques.
128		Investment Management	16CPA602	BCom PA 6 Semester	Impact skills on the fundamentals of investment and security analysis
129		Management Accounting	16CPA603	BCom PA 6 Semester	Develop knowledge on the Management Accounting Techniques in business decision making.
130		Management Information System	16CPA604	BCom PA 6 Semester	Enable the students know the importance of information systems in business

S. No.	Issues	Course Name	Code	Offered to	Description
131	**Professional Ethics**	Finance and Accounting for Business Process Services	17BPS301	BCom BPS 3 Semester	This course will empower the students to understand the applications of finance and accounting in corporate sector and value for company stakeholders
132		Insurance for Business Process Services	17BPS301	BCom BPS 3 Semester	To provide the students with a broad understanding of risk and insurance as a means to manage it. This forms the foundation to facilitate the students in their further studies on insurance and risk management in corporate sector
133		Banking for Business Process Services	17BPS402	BCom BPS 4 Semester	This course is designed to give detailed knowledge about the banking applications and terms in corporate world
134		Fundamentals of Accounting	18BPSC01	BCom BPS 1 Semester	Learn basic and fundamental concepts of accountancy
135		Principles of Finance	18CAF101	BCom A&F 1 Semester	Foundation in finance with special emphasis on financial concepts and an appreciation of the way those concepts are applied in practice
136		Bioinstrumentation and Research Methodology	18MBT103	MSc Biotech 1 Semester	Acquire knowledge on structure and function of biomolecules, metabolic pathways of biomolecules, classification and mechanism of action of enzymes

S. No.	Issues	Course Name	Code	Offered to	Description
137	**Professional Ethics**	International Financial Accounting	18MIB102	MIB 1 Semester	Acquire a reasonable knowledge in diverse International Accounting, the international financial reporting standards (IFRS) movement and the implications of reading financial statements based on IFRS
138		Social Work Research and Statistics	18MSW204	MSW 2 Semester	Explains the concept of Hypothesis, Research Design and Scaling Techniques; familiarize the students with the concepts of Social Work research and statistics
139		Computer Applications in Social Work	18MSW205	MSW 2 Semester	Develop knowledge on the computer fundamentals and its application in different Social Work settings including day to day administration of agencies / NGOs/ Industries/ Hospitals
140		Community Organization and Social Action	17MSW203	MSW 2 Semester	Assess the community needs and to link them with the resources; bring changes in the social structure and to modify the malfunctioning of the Social and economic institution
141		Entrepreneurship and Project Management	15BM603	BBA 6 Semester	knowing entrepre-neurship and searching for business ideas and new ventures. Knowing project management will help them in preparation of projects and guidelines for preparation of projects

S. No.	Issues	Course Name	Code	Offered to	Description
142	**Professional Ethics**	Network Security	16CAE01	BCA 4 Semester	Understand security concepts, Ethics in Network Security. understand security threats, and the security services and mechanisms counter them comprehend and apply email security services and mechanisms comprehend and apply web security services and mechanisms.
143		Human Resource Accounting	15MCB205	MCom FCA 4 Semester	Sensitize students to the various policies and practices of human resource accounting
144		Management Concepts	14CPA306	BCom PA 3 Semester	Concepts about managing the business effective
145		Consumer Behaviour	15CB306	BBA 3 Semester	Enable the students to know about Consumer Behaviour.
146		Customer Relationship Management	16COAI02	BCom CA 5 Semester	Understand and analyze the customer relationship management and technological revolution and corporate culture in CRM.
147		Hospitality Management	16HM102	BSc CS&HM 1 Semester	Impart knowledge on various types of restaurant, restaurant organization & food service equipment; understand the importance of food service area, styles of food service and nonalcoholic beverages
148		Biosafety, Bioethics and IPR	17MBT304	MSc Biotech 3 Semester	Impart knowledge on intellectual property and its protection under the constitution, various aspects of intellectual property and to learn procedures for patenting

S. No.	Issues	Course Name	Code	Offered to	Description
149	**Professional Ethics**	Hospital Administration	15MSW306	MSW 3 Semester	Enrich their knowledge about Classification and Planning of Hospitals, Functions of various departments of hospitals and Financial administration in hospital settings
