## ABOUT

Computer Science with Cognitive Systems (Integrated with TCS) has been evolving as an important branch of science and engineering and it has carved out a space for itself.

Computer Science is a discipline that spans theory and practice and it requires thinking, problem solving skills, creativity and careful reasoning. The computer science discipline also has strong connections to other disciplines. B.Sc., Computer Science with Cognitive Science is aimed at undergraduate level training facilitating multiple career paths. Students so graduated can take up postgraduate programmes in computer science leading to research as well as R&D can be employable at IT industries management or can careers. adopt There are business several employment opportunities and after successful completion of an undergraduate in computer science, graduating students can fetch employment directly in companies as web developer, software engineer, network administrator, data scientist etc..

## VISION

To educate the students to meet the Global challenges by bringing the real world to the Classroom through Academic Interface program

## MISSION

To educate students to learn industry relevant Curriculum designed and Deployed by Industry by arranging expert sessions for Industry Integrated papers, Industrial visits, faculty development Programs and Student Engagement Programs

## FACULTIES

Dr. V. Krishnapriya  
Associate Prof. & Head

Mrs. K. Gowri  
Assistant Professor

Mrs. M. Jaithoon Bibi  
Assistant Professor

Mr. S. Manoj  
Assistant Professor

**C**ongratulations on starting a new chapter of your life! One day when you are older, you will look back at this time of your life and realize this is a huge turning point for you. The subjects you study and the career you are heading towards, the friends you make and keep, the life experiences you choose to have or choose not to have...your options are limitless! Breathe in the freedom of endless choices and life paths.

Explore. Think. Be you and seize the day! Even if it gets tough, keep moving forward. There are little tricks in the system, like dropping tough classes before they get on your record. Make some friends, learn the tricks, study really hard, stay healthy, and don't get into trouble. You can handle this. And don't forget, I'm only a call or a text away. Good luck with your first year of college!

# *Industry Institute Interaction*

“INDUSTRY INSTITUTE INTERACTION” an event organized by the Dept. Of Computer Science with Cognitive Systems as a Student Interaction Activity on 21th January 2023.

On this wonderful day Our Department had launched the Dept. Logo Called “INNOWERSE”. Also, on this day our Department Chairman Vice-Chairman and Secretary had took vow for their respective postings.

# *Annual Sports Meet 2022-2023*

## *Department of Physical Education*

### *Throw Ball*

Throwball is a non-contact ball sport played across a net between two teams of nine players on a rectangular court. Throwball is gaining popularity in India as a competitive sport. In this sport, each team comprises of seven players excluding 3-5 substitutions. Throw ball is much similar to volleyball. However, there are some fundamental differences in both the games. It is also popular in overseas hubs where there are sizeable Indian communities present.

The main objective of the sport is to catch the ball without allowing it to bounce on the ground and throw it back immediately onto the opponent's side of the court. In this wonderful game our department girls have secured with first place in the Annual Sports meet 2022-2023 conducted by our College.

## *Foot Ball*

Football is a family of team sports that involve, to varying degrees, kicking a ball to score a goal. Unqualified, the word football normally means the form of football that is the most popular where the word is used. The development of modern football was closely tied to processes of industrialization and urbanization in Victorian Britain. Most of the new working-class inhabitants of Britain's industrial towns and cities gradually lost their old bucolic pastimes, such as badger-baiting, and sought fresh forms of collective leisure. In this wonderful game our department boys have secured with Second place in the Annual Sports meet 2022-2023 conducted by our College.

## *Republic Day 26-January-2023*

"Democracy is not merely a form of government. It is primarily a mode of associated living, of conjoint communicated experience. It is essentially an attitude of respect and reverence towards fellow men". Our Department Students have participated on the Republic Day parade on 26<sup>th</sup> January 2023 done in Sri Ramakrishna College of Arts and Science and shown their Courage towards our Nation in this Memorable event.

# PARENTS MEETING

## for II-Year BSc CS with CS Students

**Date :**

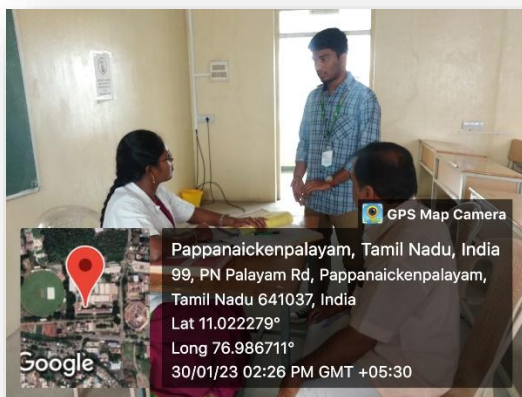

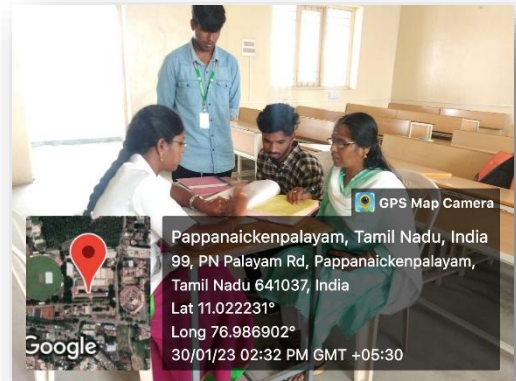

28.01.2023 - For (21124001 - 21124020)

30.01.2023 - For (21124021 - 21124040)

31.01.2023 - For (21124041 - 21124060)

🕒 01:00 pm - 03:30 pm

📍 SRCAS D-306

Parents meeting for II-Year was conducted on 28/01/2023. The key to a successful meeting is the effective way in which parents and teachers share suggestions and feedback. Hence, here we're sharing the lists of the most effective comments that teachers and parents can leave during their meetings. A parent-teacher meeting is not just for informing parents of their children's weak performance, but also for encouraging those who are doing well at school. It highlights the strengths and good qualities of kids. In this session parents have shared their suggestions and the feedbacks to the faculty without any inconvenience.

## FOSTERING UNCONFERENCE

### CHAT GPT

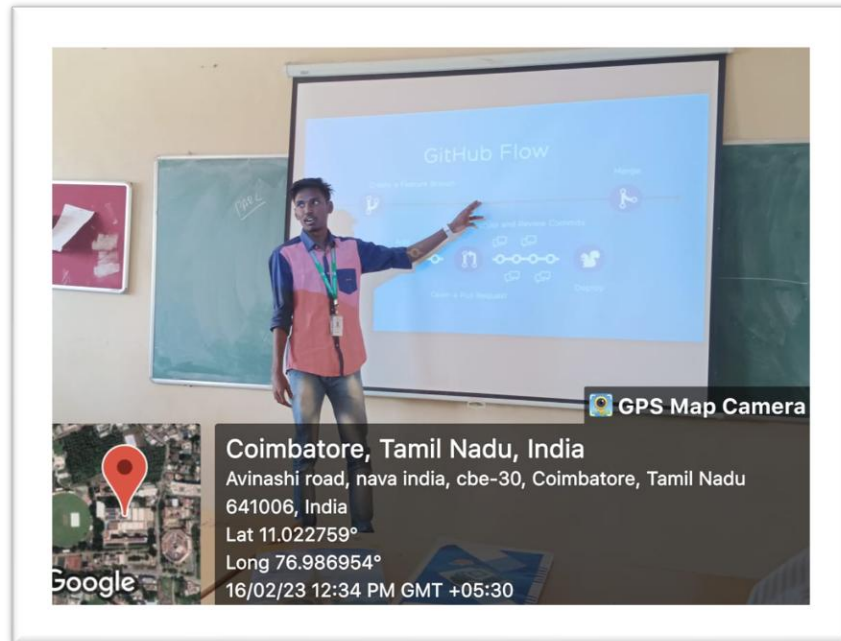

*-S Abimanyu*

*II-B. Sc [CS-CS]*

"Fostering Unconference" an event organized by the Dept. Of Computer Science with Cognitive Systems as a Student participatory Learning Activity on 02<sup>nd</sup> February 2023.

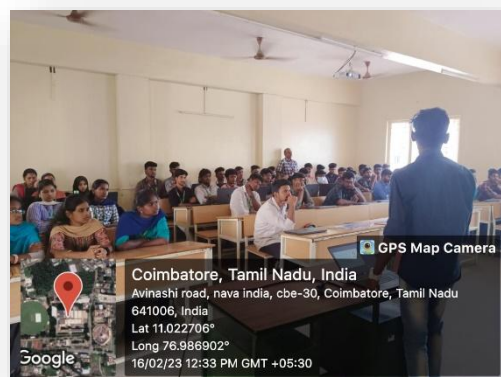

We have learned about the meaningful and strong statement to use Chat GPT. The importance of Chat GPT and how it applies to studies, and institutions is sometimes referred to as a personal statement.

## **GIT – GITHUB – GITLAB**

***-R B SAI PRATAB***

***II-B. Sc [CS-CS]***

"Fostering Unconference" an event organized by the Dept. Of Computer Science with Cognitive Systems as a Student participatory Learning Activity on 16th February 2023.

We have learned about the meaningful and strong statement to use GIT-GITHUB-GITLAB. The importance of GIT-GITHUB-GITLAB and how it applies to companies, and institutions is sometimes referred to as a personal statement.
